

# Overhead three phase wye transformer bank with underground service and street light

## Utility Network Detailed Model

Key

Utility Network feature class

Asset Group (subtype)

Asset Type

Electric Line

Medium Voltage Conductor

Overhead Three Phase

Electric Line

Low Voltage Conductor

Underground Quadraplex

Structure Line

Low Voltage Conduit

Conduit

Electric Device

Medium Voltage Arrester

Line Arrester

Electric Device

Medium Voltage Fuse

Overhead Cutout Fused Disconnect or Overhead Cutout Solid Blade

Electric Device

Low Voltage Lighting

Streetlight

Electric Device

Medium Voltage Transformer

Overhead Single Phase with High and Low terminals

Electric Junction

Connection Point

Overhead Tap

Electric Junction

Low Voltage Riser

Three Phase

Electric Junction

Medium Voltage Attachment

Overhead

Structure Point

Medium Voltage Pole

Single Pole

Electric Assembly

Medium Voltage Transformer Bank

Overhead Three Phase

Containment association

Connectivity association

Structural attachment association
