

Overhead Three Phase Tap and Switch

Utility Network Detailed Model

Key	Utility Network feature class	
	Asset Group (subtype)	
	Asset Type	
	Electric Line	Medium Voltage Conductor
		Overhead Three Phase
	Electric Device	Medium Voltage Switch
		Overhead Three Phase Load Break
	Electric Junction	Medium Voltage Attachment
		Overhead
	Electric Junction	Medium Voltage Connection Point
		Overhead Tap
	Structure Junction	Electric Medium Voltage Pole
		Single Pole
	Electric Assembly	Medium Voltage Switch Bank
		Overhead Disconnect
	Containment association	
	Connectivity association	
	Structural attachment association
