Overhead Three Phase Wye Transformer Bank with Underground Service and Street Light

Utility Network Detailed Model

Utility Network feature class

Asset Group (subtype)

└ Asset Type

Electric Line

- Medium Voltage Conductor

└ Overhead Three Phase

Electric Line

Low Voltage Conductor

└ Underground

Structure Line

☐ Electric Low Voltage Conduit

└ Conduit

Electric Device

☐ Medium Voltage Arrester

└ Line Arrester

Electric Device

Medium Voltage Fuse

Overhead Cutout Fused Disconnect or Overhead Cutout Solid Blade

└ Streetlight

Medium Voltage Transformer
 □ Overhead Single Phase

with High and Low terminals

∟ M

Electric Junction

Medium Voltage Connection Point

Overhead Tap

Electric Junction

Low Voltage Line End

Riser

Electric Junction

☐ Medium Voltage Attachment

└ Overhead

Structure Point

└ Electric Medium Voltage Pole

└ Single Pole

Electric Assembly

Medium Voltage Transformer Bank

└ Overhead Three Phase

Containment association

Connectivity association

Structural attachment association
